You got me hooked now  
Don't want to stop now  
You freeze, you dot the "I"s  
And cross the "T"s  
Your talking's fun but  
Your brakes are on  
Take them off right now  
Do I have to say please?

You're gazing  
You're staring  
You're heading down a one way to nowhere  
Your eyes stay  
They don't stray from my face  
Don't leave them there

Let them slip a bit  
Come get the rest of it  
I'm woman all the way down  
Slide down to the hips  
There's life below the lips  
I'm woman all the way down

Why should we crawl when  
We could get all in  
A hot, sweat, right the back  
The scene is set  
Let your "Hellos" lay  
Shoot for the target  
Just look, I'm here  
You're right in front of it

You're gazing  
You're staring  
You're heading down a one way to nowhere

Your eyes stay  
They don't stray from my face  
Don't leave them there

Let them slip a bit  
Come get the rest of it  
I'm woman all the way down  
Slide down to the hips  
There's life below the lips  
I'm woman all the way down

Let them slip a bit  
Come get the rest of it  
I'm woman all the way down  
Slide down to the hips  
There's life below the lips  
I'm woman all the way down
