You are my only
You are the one
You're everything I wanted, baby
I should have told you
That I love you

Oh, nothing
Compares to you
I'm crazy thinking 'bout you lately
You and I are meant to be
Oh baby this is real

Refrain:

Everytime you turn around and walk away
I just can't resist and I'm wishing I can say

Chorus:

You are my dream
You are my hope
You are my love
and baby you are my heart
I want you to know
And let it show
That I'm in love
Everytime I see you near
I wanna be close to you but how can it be?
'Coz I know it's impossible to make it happen
But still you are

You know you had me
With your beautiful smile
It's always in my head
I can't get you off my mind
You got me fallin'

Maybe someday
I'll be with you
You'll say the words I love to hear
Because I need you here
And now to everything

Chorus:

You are my dream
You are my hope
You are my love
and baby you are my heart
I want you to know
And let it show
That I'm in love
Everytime I see you near
I wanna be close to you but how can it be?
'Coz I know it's impossible to make it happen
But still you are
You are, you are, you are

You are my dream
You are my hope
You are my love
and baby you are my heart
I want you to know
And let it show
That I'm in love
Everytime I see you near
I wanna be close to you but how can it be?
'Coz I know it's impossible to make it happen

You are my dream
You are my hope
You are my love
and baby you are my heart
I want you to know
And let it show
That I'm in love
Everytime I see you near
I wanna be close to you but how can it be?
'Coz I know it's impossible to make it happen
And I'll wait for you to say that you love me
But still you are
Baby you are
