I'm not the type of girl  
Who eas'ly falls in love  
With just anybody

It takes a special kind  
Of guy to win me over  
And set my heart at ease

You've got to earn your stripes  
Just like a soldier  
If you wanna be with me

Then I met you  
And you were making me feel  
Something that's so unreal

And now I'm lost in my emotions  
With the feeling of no fears  
If it's a dream don't wake me up  
I want it for eternity

You're the one I love  
You're the one I love, I love  
First it was nothing,  
Now I'm catching feelings  
Something's over me  
You captured my attention  
And answered all my questions  
Of what love is supposed to be  
You're the one I love  
You're the one I love, I love

Now that you know  
What I'm feeling  
I hope you feel the same way too

With a love so strong  
It can never be wrong  
And it was you all along

You inspire me at all,  
Everything I do

I want to hear those three words from you

Transcend our love  
Greater than whatever  
And right now I'm begging you  
Please be mine

A day without you I feel so empty  
Days seem so dark and blue  
I look in your eyes  
And I don't seem to have a clue

You're the one I love  
You're the one I love, I love  
First it was nothing,  
Now I'm catching feelings  
Something's over me  
You captured my attention  
And answered all my questions  
Of what love is supposed to be  
You're the one I love  
You're the one I love, I love

And when I'm in your arms  
I'm infected by your charms  
Ugh, you know it's killing me  
It's taking control over me  
You make it hard to breathe  
And please make me relieved  
You got me fallin' then you catch me  
And you never leave  
The words of love from my unspoken heart  
Ugh, I'm losin' my mind  
And I don't know where to start  
I can't pretend there's nothing  
Where there's something  
This feeling can't be broken  
Never letting go  
And I just want you to know that...

You're the one I love  
You're the one I love, I love  
First it was nothing,  
Now I'm catching feelings  
Something's over me  
You captured my attention  
And answered all my questions  
Of what love is supposed to be  
You're the one I love  
You're the one I love, I love
