Wishing on a distant star
A glimpse of what we had
It is you I think about
Our memories of love

As time goes by
I found the reason why
Why I'm falling deeper into you

When I close my eyes
Then I realize
With you I wanna be
And with open arms
I'm waiting for the hour
For the time that you will see
See and feel the love
We deserve to have
You and I are meant to be
When I close my eyes
You are here with me

I can't help but cry
Dwellin' on the past
Kisses in the night
That never falls apart

And all this time
I never stop to try
To bring back all that's left behind

When I close my eyes
Then I realize
With you I wanna be
And with open arms
I'm waiting for the hour
For the time that you will see
See and feel the love
We deserve to have
You and I are meant to be
When I close my eyes
You are here with me

It's hard for me to face
The truth and not the lies
I beg you to believe
That I love you all my life

When I close my eyes
Then I realize
With you I wanna be
And with open arms
I'm waiting for the hour
For the time that you will see
See and feel the love
We deserve to have
You and I are meant to be
When I close my eyes
You are here with me

When I close my eyes
You are here with me
