Oh I know

I watched you walk away

Everything we had

Was dead and gone

I've waited for so long

You know you're the only one I wanted

It's too late and I was wrong instead

I want to be back in your arms

I'll walk a thousand miles

Just to be right there

By your side for you I'll fight and

Catch a falling star

Wishin' I'm the only one for you and you for me

Then suddenly it all just disappeared

When you said goodbye

My heart goes with you all along

Now I'm asking myself

Why did I let you go

All our dreams are shattered

Like a broken glass I see the skies are blue

You promised me you'll never leave me here

I want to be back in your arms

I'll walk a thousand miles

Just to be right there

By your side for you I'll fight and

Catch a falling star

Wishin' I'm the only one for you and you for me

Then suddenly it all just disappeared

When you said goodbye

I thought it'd be easy to forget

I remember all the words you said

It's hard to breathe now I'm alone

I've been thinking of you

Please come back and stay

~cause I want to be back in your arms

I'll walk a thousand miles

Just to be right there
By your side for you I'll fight and
Catch a falling star
Wishin' I'm the only one for you and you for me
Then suddenly it all just disappeared
When you said goodbye
