This is my bright side  
I know I'm not the smartest one  
So, I set the skies on fire  
I know I'm not the sharpest knife

I won't forgive, just can't forget  
I cast the blood into my guns  
We are not from here, we were made in hell  
My bullets always hit their blanks.

Draw your own wings  
You can't take me down  
Try your best  
Well, no one can't take over me  
I'll pull my scissors out  
I hear you scream aloud  
I'm not asking how? Cuz I know you'll FAIL  
Well, no one can't take over me

Don't try to waste my time again  
This just started, bitch!  
Well, I can't throw my dreams away  
No one can stop me now!

Look what I built  
So beautiful designs  
Not even you, Nor you  
No one can stop me now x2

Look what I built,  
So beautiful designs,  
Not even you, Nor you  
No one can stop me now

I won't forgive, just can't forget  
I cast the blood 'into my guns'  
We are not from here, we were made in hell  
My bullets always hit their blanks.

Draw your own wings  
You can't take me down  
Try your best

Well, no one canâ€™t take over me

Draw your own wings

I'll pull my scissors out

You canâ€™t take me down

I hear you scream aloud

Try your best

Iâ€™m not asking how? Cuz I know youâ€™ll FAIL

Well, no one canâ€™t take over me
