

July For January "All I Ever Wanted"

Not another rainy july
And a boring august
I see these blue skies
But I can't see a smile
And my mouth won't close
All these words are coming out
But if had to give it away
I'm sure i would say

All I ever wanted was to
Write a perfect love song
To mend all the broken hearts
Of everyone I know
But it's all too much
Too make a comeback
Into this cold world
These clouds hang over me

I pace the floorboards
Searching for an escape
Or some lyrics and chords
To free my crowded mind
These voices in my head
Tell me to run before I'm dead
And believe me,
I'm getting close to it

All I ever wanted was to
Write a perfect love song
To mend all the broken hearts
Of everyone I know
But it's all too much
Too make a comeback
Into this cold world
These clouds hang over me

Now it's over,
For just another year
And now it's time,
To face all my fears

Because sometimes

Secrets are best left untold
And sometimes
Our best lies grow old

All I ever wanted was to
Write a perfect love song
To mend all the broken hearts
Of everyone I know
But it's all too much
Too make a comeback
Into this cold world
These clouds hang over me
