"I Want To Know"

Visit "[I Want To Know](#)" on MotoLyrics.com

We drink or break open our veins solely to know,
solely to know, solely to know

Hunger drives me onward to feel all of the skin,
all of the skin, all of the skin

The thrill of the knowing blasts me out of my brain
I want to know, I want to know

Into our eyes, thousands of flashes cause us to feel
alive in the skies
I want to know, I want to know

I want to know, I want to know
I have to know, please let me know
Solely to know, solely to know

Oh, I want to know
Oh, I want to know
Please let me know
Solely to know, solely to know, solely to know

Oh, I want to know, I want to know
Please let me know, solely to know
Solely to know, solely to know
