It's so nice
It's so nice
It's so nice
It's so nice

It is so nice to get stoned
And take a load off of my weary mind
It is so nice to get stoned
And never ever come down

It is so nice to lay down
And watch the clouds drifting so lazily
It is so nice to lay down
And never ever come down

It's so nice
It's so nice
It's so nice
It's so nice

It is so nice to get stoned
So nice to get stoned
It is so nice to get stoned
So nice to get stoned

Oh, I wish that I was a breeze
Or a bird with feathers to catch the sun
I would keep all flying so high
And never ever come down

It is so nice to get stoned
So nice to get stoned
It is so nice to get stoned
So nice to get stoned
