Verse 1

Unforgettable night
Unforgettable you
Made of magic and love
Unforgettable eyes
Unforgettable heart
Made of heaven and stars

Chorus:

Send me snowflakes from the sky on a sunny day
Color rainbow in the rain and write my name with stars
Tell me how you feel thru the whisper of the wind
Promise that you will always be my angel
... if you really love me

Verse 2

Unforgettable days
Unforgettable times
When I'm with you, my love
Unforgettable life
Unforgettable love
All that because of you

Chorus:

Send me snowflakes from the sky on a sunny day
Color rainbow in the rain and write my name with stars
Tell me how you feel thru the whisper of the wind
Promise that you will always be my angel
... if you really love me
