Talk to me now  
Rock with me now  
You got it, i got it  
Lets work it out  
Talk to me now  
Rock with me now  
You got it, I got it  
Lets work it out

And If i have to run through the fire i hope it's with you  
And everyone can tell im inspired i can't lie it's the truth  
boy  
And I'm ever watching the sunset til the light of the  
moon  
I cant help but sit here and wonder if you're feelin' it  
too

Im buggin', Trippin on you  
I said it, I said it  
I Heard timing is everything  
you came, made sense of everything  
caught me off guard a little bit  
but im diggin' it  
Im trippin' on you  
Im buggin', Trippin' on you  
I said it, I said it

Ive been waiting patiently for somebody like you for me  
was just about to call it quits done with it but  
Look who's on time

Talk to me now  
Rock with me now  
you got it, I got it  
Lets work it out  
Talk to me now  
Rock with me now  
You got it, I got it  
Lets work it out

I get a little weak by your presence  
and i dont know why

I've never been this close to amazing  
but im willing to try with you  
And everybody says that you're perfect  
dont wanna let go  
And it would really suck if you hurt me  
Hope youre feelin it too  
I'm Buggin, Trippin on you  
I Said it, I said it

I heard timing is everything  
You Came, Made sense of everything  
Caught me off guard a little bit  
But im diggin it  
Im Trippin on you  
Im Buggin, Trippin on you  
I said it, i said it  
I've been waiting patiently for somebody like you for  
me  
was just about to call it quits, done with it but  
Look who's on time

Something that you do to me  
And the why you look at me  
feels like im floating on air  
Got the world lookin' new to me  
So i know you'll be good to me  
I Cant believe that you here baby

Talk to me now  
Rock with me now  
you got it, I got it  
Lets work it out  
Talk to me now  
Rock with me now  
You got it, I got it

Im trippin' on you  
Im buggin, trippin on you  
I Said it, I said it  
I've been waiting patiently for somebody like you for  
me  
was just about to call it quits, done with this but  
look who's on time

I Heard timing is everything  
You came, Made sense of everything  
caught me off guard a little bit  
but im diggin it, but im Diggin it  
I Heard timing is everything  
you came made sense of everything  
caught me off guard a little bit

but im diggin it, but im diggin it

Talk to me now  
Rock with me now  
you got it, I got it  
Lets work it out  
Talk to me now  
Rock with me now  
You got it, I got it  
Lets work it out

Talk to me now  
Rock with me now  
you got it, I got it  
Lets work it out  
Talk to me now  
Rock with me now  
You got it, I got it  
Lets work it out
