What I wouldn't give to
Wrestle over the remote control
What I wouldn't give to
Hit you harder than you thought I could
With a pillow

Can we stop just for a second?
Cause you got as feather in your eye
I get it out and you kiss me
I smile and than we get back to our pillow fight
Man that sounds nice

If the sky begin to fall
We won't even notice
Well it wouldn't bother us at all
If the world came to an end
Nothing else but us two
When I'm laying around with you
When I'm laying around with you

What I wouldn't give to...

What I wouldn't give to
Cook you dinner from the microwave
What I wouldn't give to
Burn the popcorn and hear you telling me; "baby that's
okay"
And then you leave to go to the store
And it's too much for me
Though I know it'll only be a minute
And then you come back through the door
With a bag full of foods we're not supposed to eat

That's a night that can't be beat

If the sky begin to fall
We won't even notice
Really wouldn't bother us at all
If the world came to an end
Nothing else but us two
When I'm laying around with you
When I'm laying around with you

What I wouldn't give to...

I wanna be in your arms
Where no harm could ever come my way
I wanna be where you are
Near or far, every night and day

If the sky begin to fall
We won't even notice
Really wouldn't bother us at all
If the world came to an end
Nothing else but us two
When I'm laying around with you
When I'm laying around with you

If the sky begin to fall
We won't even notice
Really wouldn't bother us at all
If the world came to an end
Nothing else but us two
When I'm laying around with you
When I'm laying around with you
