The same old love song is playing tonight on every
station
But you're not around
I should have told you the way I feel
How you complete me
Whenever you are near

I wish that I had only seen the signs
I didn't know my life would change that night

Refrain:

We were invincible
We were one of a kind
Now the dream is all that I have
But I remember when we were invincible

My friends keep saying,
It's time to move on
There will be others,
Though you are gone
But baby it's so hard to let you go
When I remember the way we used to be

We could last for ever and a day
Baby come on back
Let's find a way

Refrain:

We were invincible
We were one of a kind
Now the dream is all that I have
But I remember when we were invincible

I let you slip away from me
Now I know that I was wrong
'Cause only you can play that part
We are invincible

I know that only you can play that part
[You're the one]
I know that we should never be apart

[You're the one]
And in the years to come we'll find a way
If you only would stay

Refrain:

We were invincible
We were one of a kind
Now the dream is all that I have
But I remember when we were invincible
