Girl you told me
That you don't think that I'm the one for you
And you showed me
It doesn't really matter what I do
But each and every step I take leads me back to you
And I fear when I'm awake my dreams will not come true

Refrain:

I don't know what else to do when I'm close to you
Than to hold my breathe and cross my fingers
No matter what you're saying
I'd still be praying and keep on coming back for more
Cause all I do is dream about you
And all I do is thinking of you all the time
Wishing you where mine

Girl I told you
I'll give the world to be the one you need
And let me show you
There'll never be another one for me
Now I'm picking myself apart I wanna be all I can be
Cause in the puzzle of my heart you're the missing piece

Refrain:

I don't know what else to do when I'm close to you
Than to hold my breathe and cross my fingers
No matter what you're saying
I'd still be praying and keep on coming back for more
Cause all I do is dream about you
And all I do is thinking of you all the time
Wishing you where mine till the end of time

Refrain:

I don't know what else to do when I'm close to you
Than to hold my breathe and cross my fingers
No matter what you're saying
I'd still be praying and keep on coming back for more
Cause all I do is dream about you
And all I do is thinking of you all the time

Wishing you where mine
