This is for your lonely nights when it's cold outside
while the world dreams and you can't sleep

This is for all those nights when all you do is cry cause
everything reminds you of me

This is for your mornings when it's storming and
raining and nothing goes as planned.

And with every step alone you're stumbling,
trembling. Who's gonna hold your hand?

If she comes home, tell her that I moved away,
Tell her when she's alone there's nothing left to
say (x2)

I won't be waiting by the phone when your heart
breaks,
You can look wherever you'd like, you won't
find me, won't find me
So walk away

Walk away (2x)

When you run, run as far as you can and when you walk
away, I just want you to understand

That when you're driving alone on your own and
that song comes on, but you know I'm gone

Where did time go? Did I hold on too long?

I should have known from the start that this would fall
apart

If she comes home, tell her that I moved away,
Tell her when she's alone there's nothing left to
say (x2)

But I won't be waiting by the phone when your heart
breaks,
You can look wherever you'd like, you won't

find me, won't find me
So walk away
Walk away (2x)

Just walk away

Walk away (5x)
