I can't change the fact the relationship fell through the cracks

Now who the fuck's got my back now that I'm lay down flat

Perpendicular to the tracks, who's gonna find the faith in that

The difference between out on your back and stacks that are upon stacks

Yeah, I tossed it in the trash, next to the bitches scheming to leave

Looking at my life so vividly, at the scene that played in my mind

She had a blade so clean and took her time

Dished out her shit and flushed out mine

That's when I find that it's just life in the form of a rhyme

Life's been tough to me

But i gotta see

the bright side of life

Life's been tough to me

but i gotta see

the bright side of life

I'm really trying to keep it together

I thought we were gonna be together forever

You did this to me, and I don't understand separate

But I can't keep it down, knowing your attention is present

Am I learning a lesson? Teacher now I'm confessin'

I got trust issues and anger has become an obsession

You'll catch me in the session, I got visine on second

But I'm hittin' a home run just to pass the depression

But the herbs won't heal, if anything they steal

the bass right from under me, how can I feel

anything but what you gave to me, what you try to conceal?

But now I'm just nothing, no game or appeal

I kneel, you know, but you kneel, hoe

Throwing them balls back like Shaquille O'Neal

And just to seal the deal I do it again

But now I'm done, not even as a friend

No, to women this is the end

Life's been tough to me
But i gotta see
the bright side of life
Life's been tough to me
but i gotta see
the bright side of life
Life's been tough to me
But i gotta see
the bright side of life
Life's been tough to me
but i gotta see
the bright side of life

(Violin solo)

Life's been tough to me
But i gotta see
the bright side of life
