Morning, evening, ain't no particular time
'Cause any time is the right time, yeah baby
I know you gotta work up in the day pretty lady
So I settle for the night time, oh yea
Baby you can stay the night with me
Bring a change of clothes
I'll wake up and make you breakfast in the morning
Whatever you wanna eat, I'll make a sausage
If you're a vegetarian I'll make an omelet, yeah

Then I'll kiss her on the lips, tell her that she taste good
Girl you're so sweet I want you more than I should
You give me a sugar rush, a sugar rush, a sugar rush
Baby you got me feeling like some capped addict
24/7 girl I gotta have it
You give me a sugar rush, a sugar rush, a sugar rush

Morning, evening, ain't no particular time
'Cause any time is the right time, yeah baby
You'll stand your vows
For people that got things more important than the one
they want
Baby, nothing's more important than this, than you
Than you and me in bed till the morning
It's calling me, I'm feeling boogie from the movie â€¦
You'll be calling me, calling me baby

Kissed her on the lips, tell her that she taste good
Girl you're so sweet I want you more than I should
You give me a sugar rush, a sugar rush, a sugar rush
Baby you got me feeling like some capped addict
24/7 girl I gotta have it
You give me a sugar rush, a sugar rush, a sugar rush

All of my niggas say that I'm whipped
But I don't give a damn about that shit
'Cause girl you got that body
Got me feeling like slipping in
I wanna hold her, console her, be the only man who
knows her in that way

Kissed her on the lips, tell her that she taste good
Girl you're so sweet I want you more than I should
You give me a sugar rush, a sugar rush, a sugar rush
Baby you got me feeling like some capped addict
24/7 girl I gotta have it
You give me a sugar rush, a sugar rush, a sugar rush

You give me a sugar rush, a sugar rush
You give me a sugar rush, a sugar rush
