(Introduction)

Good evening ladies and Gentlemen

Before I wrap this thing up

Let me take you on a journey

To a battle field

(Verse 1)

They put me in another country

Gave me a different suit

Strapped me full of ammunition

Tell me not to shoot.

The things were forced to do when all the odds are  
against you

They say they sorry for the troops

but they aint got a f\*\$king clue

man the shit they put us through

dawg I can't understand it

Fascinated with this shit like we on animal planet

but I cock my hammer for damage

Now I'm ready for the streets

Write a note till I go

incase GOD send for me

its hard hear me speak

I don't think that they hear me

They sent me out to kill theses people

I don't think that they fear me

But i would let them get near me

Cause I know what to expect

Young kids asking for food

Strapped with bombs to their chest

What's this

I got kids and I can't even imagine

Putting my sons on a corner with a bomb in the basket

So I ride with a nine and I'm asking

GOD forgive cause I'm not going to be the one in a  
casket.

(Chorus)

Don't Touch me!

Leave me alone

Let me be

I'm in my zone! Don't Touch me!

Leave me alone

Let me be

Iâ€™m in my zone!  
Donâ€™t Touch me!  
Leave me alone  
Let me be  
Iâ€™m in my zone!  
(Verse 2)  
I lost my grandmother  
Then my wife mother  
The pressure I experienced was enough to bust a  
muscle  
Head above struggle  
starring in the face of suffer  
Never got a chance to see them both and tell them that  
I love ya  
Now Iâ€™m back in my bubble  
Pistol grip by my side  
light armor on my chest  
very cautious if I ride  
Ride if Iâ€™m real sleepy  
fight if Iâ€™m dead tired  
Looking at the men beside like  
I wonâ€™t let you die  
I wonâ€™t let you die  
I guess Iâ€™m failing that aspect  
We been back for two hours  
I got two that aint back yet  
Patrolling Iraq streets watching out for a shooter  
Doing a job for the country  
Not caring about the future  
Something that we use to  
But never get use to this  
A bomb go off  
and you know that someone gotten hit  
You know  
Somebodyâ€™s either dead or wounded  
Makes it hard  
for me to go to bed  
Iâ€™m losing it.(Chorus)  
Donâ€™t Touch me!  
Leave me alone  
Let me be  
Iâ€™m in my zone!  
Donâ€™t Touch me!  
Leave me alone  
Let me be  
Iâ€™m in my zone!  
(Verse 3)  
Breathing (S sign of frustration)  
(Chorus)  
Donâ€™t Touch me!  
Leave me alone

Let me be  
Iâm™ m in my zone!  
Donât™ t Touch me!  
Leave me alone  
Let me be  
Iâm™ m in my zone
