This is more than a typical kinda thing
Felt the joints in my bones where you were touching
me, oh oh
Didn't want to take it slow
In the days, going crazed, I can barely think
You're replaying in my brain, find it hard to sleep, oh
oh
Waiting for my phone to blow

Never been in a sticky situation
Got on better trouble, yep and now i'm passive
Five minutes, ten minutes, now it's been an hour
Don't wanna think too hard, but i'm stoward

Oh oh, I can't seem to let you go

See i've been waiting on this
For you to call me baby
So let's get up, let's get on it
Don't you leave me broken hearted tonight
Come on, that's right
Honest baby i'll do
Anything you want to
So can we finish what we started
Don't you leave me broken hearted tonight
Come on, that's right

What's the time, such a crime
Not a single word, slipping on at the thrown
Just to call my next, oh oh
Poppin' bottles by the phone
Oh yeah
Act me up, pad me down, turn me inside out
That's enough, hold me up
Maybe i've been doubt, oh oh
Now don't even think you know, no no

See i've been waiting on this
For you to call me baby
So let's get up, let's get on it
Don't you leave me broken hearted tonight

Come on, that's right
Honest baby i'll do
Anything you want to
So can we finish what we started
Don't you leave me broken hearted tonight
Come on, that's right

Anything you wanna do, i'll be on it too
Everything you say, it's like a gold with a view
Business on the front, party in the back
Maybe I was wrong, was the alf really wack
This kinda thing doesn't happen usually
I'm on the opposite side of it, truthfully
I know you want it so come and get it

See i've been waiting on this
For you to call me baby
So let's get up, let's get on it
Don't you leave me broken hearted tonight
Come on, that's right
Honest baby i'll do
Anything you want to
So can we finish what we started
Don't you leave me broken hearted tonight
Come on, that's right

When you gonna call
Don't leave me broken hearted
I've been waiting up
Let's finish what we started, oh oh
I can't seem to let you go
Come on, that's right
