Why you're crying, it's ok now
If I hold you, will you calm down?
It's your way with words
That can make me burn
When you say it, do you mean it?
When I shout out, can you hear me?
When it's all too much
Look at what we've done

[Chorus] X 2

That's when I'm coming up strong,
Coming up strong
Coming up, coming up, coming up strong
Coming up whoa,
Now, nothing they can do to break us down
Singing our song, we get lost in the sound
Once I was lost and now I'm found
Try to keep it... can't hold us down

Coming... best, we've been through this
Who's to blame now, baby it's useless
Cause it's no one's fault, if the lights were off
Then we're shining, then we're flying
Through the wheel house, that we're grinding
When it's all too much,
Looking what we've done

[Chorus] X 2

That's when I'm coming up strong,
Coming up strong
Coming up, coming up, coming up strong
Coming up whoa,
Now, nothing they can do to break us down
Singing our song, we get lost in the sound
Once I was lost and now I'm found
Try to keep it... can't hold us down

So easy we forget and... house are moving in
Raise thoughts to fall again
Soon as you tell me it's ok!

[Chorus] X 2

That's when I'm coming up strong,
Coming up strong
Coming up, coming up, coming up strong
Coming up whoa,
Now, nothing they can do to break us down
Singing our song, we get lost in the sound
Once I was lost and now I'm found
Try to keep it... can't hold us down

Why you're crying, it's ok now
If I hold you, will you calm down?
When it's all too much
Look at what we've done
