Guy 1: 'S'mofo butter layin' me to da' BONE! Jackin' me up... tight me!Â¹

Stewardess: I'm sorry, I don't understand

Guy 2: Cutty say 'e can't HANG!Â²

Woman: Oh stewardess! I speak jive.

Stewardess: Oh good!

Woman: He said that he's in great pain and he wants to know if you can help him.

Stewardess: All right. Would you tell him to just relax and I'll be back as soon as I can with some medicine?

Woman: Jus' hang loose, blood.Â³

Could have run to my arms, but you run to the rocks
How do I heal all these scars after you've taken your shots?
And my faith is in my hands and my vice is on my mask
I guess God can't understand what I've been trying to ask.
And now I'm losing every hand,
And somehow I lost my grasp.
And my mind's in chains and bands,
From memories of our past
I guess God can't understand,
What I've been trying to ask.

[x2]

And he says I know, I know, I know, (I know, I know)

I heard you one before (before, before)

But I can't do better (do better, do better, do better)

Please help me do better (better).

If I tried to be blind,
Through the signs I'd decide.
You are real, you are mine,
But I ain't blind.
I'm ain't trying for you,
Baby I resign.
And I'm hearing all the chimes,
I'll follow til' I find.

And if I had a thousand lines,
I would leave you a thousand times.
And my mind goes through the lines,
And memories of your crimes.
I ain't trying for you,
Baby I resign.

[x2]

And he says I know, I know, I know, (I know, I know)
I heard you one before (before, before)
But I can't do better (do better, do better, do better)
Please help me do better (better).

Tell myself I couldn't care less.
Whatcha doing if you're a mess?
I ain't trying for you,
I put you to rest.
For a reason,
Staying strong is my test.
Baby you thought you had me,
In my way you did.
I realized you ain't shit.
Now I don't need you,
I can't confess.
It's for a reason,
This is my test.

[x2]

And he says I know, I know, I know, (I know, I know)
I heard you one before (before, before)
But I can't do better (do better, do better, do better)
Please help me do better (better).
