Verse #1:

Cause' you're always on my mind
Half the memories of your lives
And even though you took some crimes
I thought your love meant to be kind
And we both made such a mess
And we both caused so much stress
I never thought you'd let it get
To the point of our regrets

Hook:

And Imma feature some moves
As they think of you
My souls are wearing thin on my shoes
Now I can't walk around the city
Cause' his pockets full of memories
Of a secting soul damn silly
I can't stop walking around the city

Chorus:

Help me-e-e
My heart is feeling weak
I'm rolling every corner where we used to meet
Stop me
Can't even feel my feet
They keep backtracking me to every broken street

Verse #2:

And the love is like gold
But the bugs always cracked in two
Your lungs you were sold
Every time you were gold
After smoke, from your lips I would kiss
With my heart and my soul

Hook:

And Imma feature some moves
As they think of you
My souls are wearing thin on my shoes
Now I can't walk around the city
Cause' his pockets full of memories

Of a secting soul damn silly
I can't stop walking around the city

Chorus:
Help me-e-e
My heart is feeling weak
I'm rolling every corner where we used to meet
Stop me
Can't even feel my feet
They keep backtracking me to every broken street

Verse #3:
I need save
Me, me
'Cause when he wants it, he wants it, It's all that he
Needs, needs
And the moment he's got it he finally feels
Free, free
And the moment he's got it he's
Free
And I cry myself to sleep

Hook:
And Imma feature some moves
As they think of you
My souls are wearing thin on my shoes
Now I can't walk around the city
Cause' his pockets full of memories
Of a secting soul damn silly
I can't stop walking around the city

Chorus:
Help me-e-e
My heart is feeling weak
I'm rolling every corner where we used to meet
Stop me
Can't even feel my feet
They keep backtracking me to every broken street
