I was in a real bad way
When you turned the power on
And made me feel for all the world
Like I was the king of all of the world

I was on a window ledge
When you came upon me there
Everything was upside for the moment
Right around the time I had to get going

Can't count me out, 'cause I've got your number
Oh you make me feel like I'm the king of all of the world
The king of all of the world
The king of all of the world

Now I'm on my way up north
All it's gonna do is rain
And I'm gonna wanna go back to the world
Where I was the king of all of the world

Can't count me out, 'cause I've got your number
Oh you make me feel like I'm the king of all of the world
The king of all of the world
The king of all of the world

I was in a real bad way
When you turned the power on
And you made me feel so right at home
Now I wonder if I'm ever gonna get back home

You can't count me out because I've got your number
You make me feel like I'm the king of all of the world
The king of all of the world, the king of all of the world
Yeah I've been the king of all of the world

If I wander out of a picture window, ohh
Right below my name

There goes
The king of all of the world
The king of all of the world
The king of all of the world

Yeah I've been the king of all of the world
