"Let the Train Whistle Blow"

I don't want no aggravation
When my train leaves the station
If you're there or not, I may not even know
Have a round and remember
things we did that weren't so tender
Let the train blow the whistle when I go

On my old guitar sell tickets
so someone can finally pick it
Tell the girls down at the Ritz
I said Hello
Tell the gossipers and liars
I will see them in the fire
Let the train blow the whistle when I go

Let her blow... let her blow...
Long and loud and hard and happy
Let her blow
No regrets all my debts will be paid
when I get laid
Let the train blow the whistle when I go

You'll be left without excuses
for the evils and the abuses
Down to today from years and years ago
Have yourself another toke
from my basket full of smoke
Let the train blow the whistle when I go

repeat chorus...
