Me and this girl we've been falling in love  
Beneath a quarter moon beneath a quarter moon  
Me and this girl I've been living above  
On a road called Oppenheimer

Tar on the roof there were stars in her hair  
Beneath a quarter moon beneath a quarter moon  
Me and this girl we were going somewhere  
On a road called Oppenheimer

Me and this girl we've been working it out  
We've got a long way to go we've got a long way to go  
Me and this girl we've been having it out  
On a road called Oppenheimer

Me and this girl we've been getting it on  
Beneath a quarter moon beneath a quarter moon  
Watching it go until it's all the way gone  
On a road called Oppenheimer

And the days gonna be today  
And the time is gonna be right now  
No I'm never gone fall for anyone else but her  
And the place is gonna be right here  
On a road called Oppenheimer Oppenheimer

Me and this girl we been falling in love  
Beneath a quarter moon beneath a quarter moon  
Me and this girl I've been dreaming above  
On a road called Oppenheimer

Tar on the roof there were stars in her hair  
Beneath a quarter moon beneath a quarter moon  
Me and this girl we were going somewhere  
On a road called Oppenheimer

And the days gonna be today  
And the time is gonna be right now  
No I'm never gone fall for anyone else but her  
And the place is gonna be right here  
On a road called Oppenheimer Oppenheimer

Oppenheimer  
Oppenheimer

Me and this girl we've been working it out  
We've got a long way to go we've got a long way to go
