Remember the year, look at us then  
A day in the life of me and my friend  
Nights would come and go on their way  
I would stay for another day  
Many a sun has risen since then  
That many days I've seen her again  
She was a whole other star in space  
I would stay for all of my days  
On my soul you're bouncing about  
the cold i know is warming  
you will help me figure out  
This Beautiful Thing we're forming  
you will help me figure out  
This Beautiful Thing we're forming  
Help me help me when I'm in doubt  
Help me find my eyes again  
cause I'm a loser crying out  
If I was just a friend  
If I was just a friend  
Help me help me when I'm in doubt  
Help me find my eyes again  
cause I'm a loser crying out  
If I was just a friend  
If I was just a friend  
Some ole year we will renew  
the love we had here when we were just two  
then that moment I'll say to my friend  
wouldn't you do it all over again?  
On my soul you're bouncing about  
the cold i know is warming  
you will help me figure out  
This Beautiful Thing we're forming  
you will help me figure out  
This Beautiful Thing we're forming  
Help me help me figure out  
This Beautiful Thing we're forming
