Why aren't you here? It's almost 4 a.m.
I finished up all of your beer, now I'm startin' on your
gin
I went through your diary, flipped through your phone
book
Called all your friends, I just wanna know where you
been
I just wanna know where you been

I pulled back your sheets, now I'm crawlin' in your bed
Every drink's one more defeat and every footstep hurts
my head
I don't want excuses, I don't wanna hear that you were
out with your friends
I just wanna know where you been, I just wanna know
where you been

I hope you crash your mamma's car
I hope you pass out in some bar
I hope you catch some kinda flu
Let's say I wish the worst for you

I hope you're happy with yourself
I hope you found somebody else
'Cause I ain't askin' you again
I just wanna know where you been
I just wanna know where you been

Why am I here? I've got better things to do
I could hang out on the pier down by the Hudson,
sniffin' glue
I guess I'm a loser, but I like being miserable,
swimming in sin
I just wanna know where you been, I just wanna know
where you been

I hope you crash your mamma's car
I hope you pass out in some bar
I hope you catch some kinda flu
Let's say I wish the worst for you

I hope you're happy with yourself

I hope you found somebody else
'Cause I ain't askin' you again
I just wanna know where you been
I just wanna know where you been
I just wanna know where you been
I just wanna know where you been
