Palm trees and glitter balls
Encounters in the mirrored walls
Life changing conversations
I'm in love with railway stations

Wonder feeling
Take me to the motorway
Can't find a reason
To go into work today
Wonder feeling
Take me to the motorway
Found my lover
And now we're going to run away

I met a boy with longer hair than me
We drank all day now I believe
Love is true and meant to be forever
We sit in style and watch the weather
From cafe windows on open roads
In darkened rooms, in analogue
My dreams are real
I know exactly what I feel

Wonder feeling
Take me to the motorway
Can't find a reason
To go into work today
Wonder feeling
Take me to the motorway
Found my lover
And now we're going to run away

There's a girl who used to sit and read
One day a boy fell at her feet
He watched her dance, made her a tape
Said he thought that her eyes were great
On the bus and in the park
In each other's bedrooms after dark
Their dreams are real
I know exactly how they feel

Wonder feeling

Take me to the motorway
Can't find a reason
To go into work today
Wonder feeling
Take me to the motorway
Found my lover
And now we're going to run away

Cracked paint and brand new shoes
Reductions, badges, kissing you
Open to more adventure
Put our bodies under pressure
Put our bodies under pressure

Wonder feeling
Take me to the motorway
Can't find a reason
To go into work today
Wonder feeling
Take me to the motorway
Found my lover
And now we're going to run away
