Thing between us won't be the same.  
Cause, I remember what you used to say.  
I keep going back to the memories.  
I thought you were too good to be true.  
Than I heard you say, I love you.

Oh, God gave us...  
Two hands to hold, Two feet to walk.  
Two legs to bend, Two arms to cross.  
One heart to love, One mouth to speak.  
I just hope you'll have my last piece.

I think of you, and my heart skip a beat.  
I like to talk you, but damn it's not easy.  
I feel so protected when you're holding me.  
I thought to have you, would be impossible.  
Oh baby, you're just so irresistible.

Chorus

Oh, God gave us...  
Two hands to hold, Two feet to walk.  
Two legs to bend, Two arms to cross.  
One heart to love, One mouth to speak.  
I just hope you'll have my last piece.

Verse 3

Oh, I don't want to screw things up.  
I don't want you to slip away.  
I remember ever midnight call.  
When neither of us could sleep.

Chorus

Oh, God gave us...  
Two hands to hold, Two feet to walk.  
Two legs to bend, Two arms to cross.  
One heart to love, One mouth to speak.  
I just hope you'll have my last piece.
