i know you're good
i know you're right
i know you mean the best every time you stop by
don't know what to say
don't know how to act
cause i'm still moved by you
cause you just have to ask

[chorus]
no it doesn't hurt
unless i walk
i don't feel any pain
unless i try to talk
i don't even cry
unless i open my eyes
i don't need to kick or scream or curse no
it doesn't hurt

you don't have to call
to make sure i'm up
cause i'm still wide awake
cause i'm still lost in shock
i know you're concerned
i know you're just sick
and i know you'd feel better if i were over it so

[chorus]
no it doesn't hurt
unless i walk
i don't feel any pain
unless i try to talk
i don't even cry
unless i open my eyes
i don't need to kick or scream or curse no
it doesn't hurt

i am wind
i am the sand
i am scared
i am a woman
and i'm fine cause i deserve the time to feel
hurt

i know you're good
i know you're freaked
and i know its safer if
you would just let me be
cause what will you say
that you haven't said
the question you asked me
just makes me feel better you left

[chorus]

oh it doesn't hurt
unless i move
i don't feel anything
unless i think of you
i don't even cry
unless i open my eyes
i don't need to kick or scream
no it doesn't hurt
unless i walk
i don't feel anything
unless i try to talk
i don't even cry
unless i open my eyes
i don't need to kick or scream or curse

no
it doesn't
hurt
