(Verse 1)

I've been waiting for a long time.
The big city's on my mind I'm ready to go I said I'm
ready to go.
I'm leaving the old world behind just let em know that
I'll be alright.
I'm ready to go. I said I'm ready to go.

(Pre-Chorus)

And though I'm alone on this road I'm ready to run.
And though my chances are a million to one I'm one in
a million.

(Chorus)

What will it take you to realize that I'm one in a million?
Can you see it in my eyes? I'm one in a million.
I need to feel alive, one in a million.
Don't let em tell you that you're not one in a million.

(Verse 2)

Been running for a thousand miles,
Through the rain and the wild fires,
But they'll never know.
I swear that they'll never know.

(Pre-Chorus)

That I was alone on a road and headed up hill.
You'll never know how much I would give to be one in a
million.

(Chorus)

What will it take you to realize that I'm one in a million?
Can you see it in my eyes? I'm one in a million.
I need to feel alive, one in a million.
Don't let em tell you that you're not one in a million.

(Bridge)

You gotta want it all live it all breathe it all give
It but you're running out of time.
Don't need a miracle here at all you decide where to
Fall out or inside the lines

You gotta want it all live it all breathe it all give
It but you're running out of time.
Don't need a miracle here at all you decide where to
Fall out or inside the lines.

You know I've been waiting,
For the moment that I've been giving in the palm of my
hand.
And still you'll never understand that I'm one in a
million.

(Chorus)

What will it take you to realize that I'm one in a million?
Can you see it in my eyes? I'm one in a million.
I need to feel alive, one in a million.
Don't let em tell you that you're not one in a million.
