Ever since you left I've been sitting  
in the wings.  
Watching the silent play  
imagining the strings.

(pre-Chorus)  
You could have made it easy  
or read between the lines  
Deep down we're all just acting but,  
I never believed the signs

(Chorus)  
Lay my love down  
and get behind the scenes.  
There's been too many times that  
people have made me the dramaqueen.

I'm always pretending fearful of,  
of the ending  
to a part of me that  
is locked away, waiting.

(pre-Chorus)  
But you could have made it easy  
and read between the lines.  
Deep down we're all just acting but,  
I never believed the signs.

(Chorus)  
Lay my love down  
and get behind the scenes.  
There's been too many times that  
people have made me the dramaqueen.  
Lay my love down  
and get behind the scenes.  
There's been too many times that  
people have made me the dramaqueen.

Raise the curtain  
and find the truth in my eyes  
I can end the scene,  
don't understand,

is it more than just time  
It's more than just time

Ohohhohhhohhhh

(Chorus)

Lay my love down  
and get behind the scenes.  
There's been too many times that  
people have made me the dramaqueen.  
Lay my love down  
and get behind the scenes, oh  
There's been too many times that  
You made me the dramaqueen.
