### Long Long Road

It's another of those downhill days  
My car gave up, more bills to pay  
And my bank account is down to pocket change  
But somehow I ain't scared a bit  
I've been through things much worse than this  
It's just another detour on the way!

Cause it's a long long road  
And I know I'm gonna make it  
And all the bad times will make me  
Stronger in the end  
So I'll take it all in stride  
There's still so many miles to go I know  
It's a long long road

I used to feel such jealousy  
When someone else was passing me  
To find their dreams While I was losing mine  
But now I see none's the same  
And everyone's got their own lane  
And I'm gonna get there in my own sweet time!

It's a long long road  
And I know I'm gonna make it  
And all the bad times will make me  
Stronger in the end  
So I'll take it all in stride  
There's still so many miles to go I know  
It's a long long road  
It's a long long road
