She takes the rain, and turns it to sun

And my soul, she fills it

Where once was a desert, rivers now run

And my storm she stills it

She takes the rain

She breathes the air, from a far country

This bond survives, like a tall tall tree

I close my eyes, and how far I see

She takes the rain

She gives me hope, when there's nothing but pain

I can't explain it

Two different leaves, but the branches the same

Forever let it be

She takes the rain

She breathes the air, from a far country

This bond survives, like a tall tall tree

I close my eyes, and how far I see

She takes the rain

(solo)

ease the pain

She breathes the air, from a far country

This bond survives, like a tall tall tree

I close my eyes, and how far I see

She takes the rain
