Look down from in high places

Lift off the ground

Without a sound yeah

We move through open spaces

The wind it pulls

The sky gets close yeah

Could we get much higher?

Could we get much lighter?

Navigator to heaven.

Check out did you check your heart?

This cloudless blue

This starlight night yeah

Shoot out into the shining

That devil moon

He sings of love yeah

Could we get much higher?

Could we get much lighter?

Navigator to heaven.

The stars so close we touch them

They seem so small

They make me wonder

Far out in formation

Five thousand moons

Floating balloons

Could we get much higher?

Could we get much lighter?

Navigator to heaven
