You can't speak, you can't sleep

You daren't move, you're confused

You never talk, you can't walk

You can't feel, you're not real

If I open my eyes, just far enough

I can see what you're doing

Go on tight to the end, it's tough enough

When you're on the road to ruin. Yeah

You're a hostage of the heart

Twisted round the smallest finger

Two burning eyes are tearing you apart

Turn your soul into a cinder

There's no rest, you're possessed

You can't leave, you can't breathe

The door slams, your head hangs

You blank stare, you don't care

If you open your eyes just far enough

You can see the street lamps flicker

Go on fight to the end it's tough enough

When you know the end is bitter

Repeat Chorus

You're numbers up, you're eyes shut

You're on the brink, you can't think

You wanna run, but you're stunned

You can't lie, you don't try

If I open my eyes look hard enough

I see the blue light flashing.

Go on fight to the end, it's tough enough

Riding on the road to ashes
