So now we wind our merry merry way  
to break the life monastic  
there's one or two words I'd like to say  
as we trip the light fantastic  
to hold a course and forge a way  
here's to another folkish ?  
do not dismay tru-alai-lay  
speak up for the right of man  
speak up, speak up, speak up for the rite of man  
speak up, speak up, speak up for the rite of man  
take your fortunes when you can  
make your way like superman  
come back like a boomerang  
speak up for the right of man  
speak up, speak up, speak up for the rite of man  
speak up, speak up, speak up for the rite of man  
take your fortunes when you can  
make your way like superman  
come back like a boomerang  
speak up for the right of man  
speak up, speak up, speak up for the rite of man

speak up, speak up, speak up for the rite of man  
take your fortunes when you can  
make your way like superman  
come back like a boomerang  
speak up for the right of man  
speak up, speak up, speak up for the rite of man  
speak up, speak up, speak up for the rite of man  
take your fortunes when you can  
make
