Would You Like To Look Through My Telescope?

The Milky Way's A Fine Sight To See.

All Around Our Universe, We Try So Hard To View

What's New.

Make A Trip Down To Sagittarius

And Take A Spin By Some Nebula.

I Hope The Sky Stays Clear For Us, The Night Goes On
So Far

In Stars.

Chorus

Saved By A Bell,

Suffering Hell,

But You Were Too Blind To Tell.

Saved By A Bell,

Suffering Hell,

And You Made It Through So Well.

Shining Like Bright Diamonds, The Galaxies.

Jupiter And Saturn Spin By.

Passing By Companions, They All Go Drifting By.

They Fly!

Carry Me Down To See Aquarius.

We're Hoping To Meet A Shooting Star.

I Can See There's Going To Be A Message From Afar.

How Close We Are.

Chorus

Saved By A Bell,

Suffering Hell,

But You Were Too Blind To Tell.

Saved By A Bell,

Suffering Hell,

And You Made It Through So Well
