I see the way you look at her
Makes me think I'm not sure
Not sure

Seems like it's been a while
Since I've seen that same smile
That smile

To your friends, I'm just a girl
But to you, I better be your world

CHORUS:

Don't go now
I need your touch
I need your smile
I need your love

Don't go now
Can't take the pain
Can't take this hurt
Can't take the shame

Don't go now
Don't go now

Now I know it's not true
I see it from your point of view
I do

I don't know how to prove
that I trust you 'cause I do
I do

To my friends, you're just a guy
But to me, you're the reason why

CHORUS

I now believe
I can feel the relief
Of knowing that you are telling me

The complete truth

So close to heartache
Like porcelain, I can break
Now again I feel like
I'm precious to you
Precious to you

CHORUS

See the way you look at me
That's the way it ought to be
