I saw him walking down the hall
I couldn't speak a word at all
His face like an angel, his eyes so true
Memories of me with him still come through

He broke my heart last year
I think he took my every tear
I turned my head, as I kept walking thru
Then I got a glimpse of you...

CHORUS:

We have history
Baby, can't you see
Ain't no mystery
We'll be fine

He's still on my mind
But Baby, every time
You have a way with me
To clear my memory

Take this hand and hold it close
We don't know which way to go
But we'll be fine, we'll be fine

Come on, don't take too much time
We both know what's on our minds
We'll be fine, we'll be fine
Yes, we'll be fine

We've been friends since long ago
Wanted more, I think you know
The time is now for us to move ahead
I think the truth is waiting to be said

Hurry make a move
As we sit under the moon
You know we're ready, and now's the time
Don't worry bout nothin tonight

CHORUS

You're the one for me
It's our fantasy
Babe, just you and me

CHORUS

I saw him walking down the hall
I couldn't speak a word at all
