Trap girl, ain't tell you 'bout my trap girl?
My money long, you don't never have to ask girl.
Trap Girl, I ain't tell you 'bout my trap girl
You hold it down, keep you with me like my gat girl.
Verse 2:
All day, I go get it, but at night I come and sleep.
She rock a lacefront, and fix her weave (twice a week)
handle keys (twice a week)
Cook for me (twice a week)
So I get her nails done and treat her feet twice a week
Trap Girl, ain't tell you 'bout my trap girl?
First day I met, told her I can break your back girl
It been a minute, we been kickin it since 06
??? I was working with like 4 bricks
Still on the block, still selling rock
Youngest nigga in the bottom, but I got the dumbest
spot
Corrupt 730, Co-Running 9 to 10
Don't know about a 9 to 10, you ain't really grindin' then
My trap girl, held it down while I was in the pin
&& Help me get back on my feet when I came out the
pin
She told me to leave the streets alone, I picked up the
pen
It's only right, she sit on side of me, while I'm in the
Benz.
Chorus:
Trap girl, ain't tell you bout my trap girl?
Walk in the mall, people asking who is that girl.
Trap Girl. Ain't tell you bout my trap girl?
I play the blocks, she be busy getting stacks girl.
Trap girl, ain't tell you 'bout my trap girl?
My money long, you don't never have to ask girl.
Trap Girl, I ain't tell you 'bout my trap girl
You hold it down, keep you with me like my gat girl.
