I wonder how you feel while hearing this song  
It's all about the young ones, we are now in control  
Let us shock you, impress you, make you smile  
We are going our way, never stopping from now

If you got nothing nice to say, say nothing at all  
We got a dream to follow, it's a hard road, we know  
So show yourself, fight for what you want  
Let us sing this song 'til the end of the world
