Music feels raw Â· Music feels raw
Don't you feel raw? I do feel raw!

I can't even remember the way that everything started
I can't remember anything right now...
Letting go everything that I know, I don't care about
that
It's all about what I want to live...

I need a brand new beat (ah ah)
I need a real hot bass (ah ah)
I'm gonna mix it all... Making a song you'll never know

I just want to forget everything that you said
'Cause I don't (don't) give a damn (damn)
I just don't wanna spend time on something like this
'Cause I don't (don't) wanna waste (time)

Music feels raw Â· Music feels raw
Don't you feel raw? I do feel raw!

People ask me whatever they want, I'm not even
listening
Breakups are kinda bittersweet, you know...
All my friends wanna know about the end, I'm not
gonna answer
It's all about what I'm not gon' tell...

I need a strong guitar (ah ah)
I need some drums I like (ah ah)
I'm gonna mix it all... Making a song that no one knows

I just want to forget everything that you said
'Cause I don't (don't) give a damn (damn)
I just don't wanna spend time on something like this
'Cause I don't (don't) wanna waste (time)

I just want to forget everything that you said
'Cause I don't (don't) give a damn (damn)
I just don't wanna spend time on something like this
'Cause I don't (don't) wanna waste (time)
