Camouflage

Baby what you feel, in the morning, when you wake up
Baby what you feel, when I kiss, all of your make up
Baby then we fly
So high
I glide, with you
Inside my mind, camouflage, my crimes

Baby what you feel, when you see, what I'm seeing
Does it feel real, when you see, what we're
dreaming
Baby then we fly
So high
I glide, with you
Inside my mind, camouflage, my crimes

Baby then we fly so high
As I glide with you
Inside my mind, camouflage, all of my crimes
In your life as the world turns
Makes me shake up, to this crazy world
Then we fly so high
As I glide with you
Inside my mind, camouflage all of my crimes
In your life as the world turns
Makes me shake up, to this crazy world that were living
in

Everything we see, everything we lose
Everything we buy, everything we choose
Everything that I see, is all in me
Its all in you n baby we can be free

Rack it up, throw away the key
Be a young brother like me ,you want to be free,
Raise your hands can you see now
live your life like a dream now
everybody want to be free
