(Leader)

It's the way I came up all through the week every nite  
was a church nite  
If you want to come around pack yo bags, cuz you must  
go there  
C-soooooooooou  
and it ain't no shame its part of my game it's even in  
his name

So if you call from the mall and you want meet ya  
I gotta listen to the preacher first

(Chorus)

Tuesday night is rehearsal Wednesday Bible study  
Thursday  
I'm meeting with the band Friday Evangelistic on  
Sunday here we go  
If you wanna go hang it might be delayed for me to get  
my praise on  
so that I can stay strong it's all at church tonight  
If you goin' to the game it might have to wait  
for me to get my dance on  
might not even take long, I'm going to church tonight

(Leader)

Even when I'm at school its running through my head  
that I'm so grateful  
the reason that I'm so happy  
(Chorus) - been so good to me  
wanna live my dream and have a bunch of things tell  
ya what it means to me  
I truly know that I'm blessed gonna take for granted  
I'm gonna praise him every chance that I get

(Chorus)

(Leader)/VAMP

It gives me what I need when I'm a little stressed out by  
my finals

C-all I do is lay it loose when I thank you

And when they hatin' on me cuz' I got it goin' on

C-It's what you can't really get at home

Nobody has to make dance or make me clap my hands

C- yea yea yea

Nobody has to make me pray or make me give him  
praise

C- all at church tonight

(Freestyle) I hated it cause mama hit me at the wrong  
time telling me i had a short time to get my hind parts  
down the stairs so we can get in the car which was  
parked in the driveway headedd for the highway i aint  
gotta sleep cause the people made unbelievable  
sounds

the keyboards under the sweet organ where the  
deacons

and greeters were meeting and greeting at the door  
with arms open wide saying give me some more its all  
at the church.

(Chorus sings)

If you wanna go hang it might be delayed for me to  
get my praise on so that I can stay strong it's all at  
church tonight

If you goin' to the game it might have to wait for  
me to get my dance on might not even take long, I'm  
going to church tonight

Repeat 2 xs

Nobody has to make dance or make me clap my hands

C- yea yea yea

Nobody has to make me pray or make me give him  
praise

C- at church tonight
