If it had not been for the Lord...I don't know
If it had not been for the Lord...I don't know why.
I cain't take no credit for where I am today.
That would be silly of me.
But I been guiltier then beside myself.
Doing things my way.
Making a mess I comfess that I'm...
So undeserving Ya'll, no I'm not worthy at all.
For some reason He chose me.
To be a voice for Him.
To make some noise for Him.
Clearly He saw something I didn't see.
If it had not been for the Lord...I don't know
If it had not been for the Lord...I don't know why.

COuld have been the topic for some breaking news.
But He kept His hand on my life.
And sometime I forget to say "Thank YOu"
For the things that He's done.
Like giving His son.
So undeserving Ya'll, no I'm not worthy at all.
For some reason He chose me.
To be a voice for Him.
To make some noise for Him.
Clearly He saw something I didn't see.
If it had not been for the Lord...I don't know
If it had not been for the Lord...I don't know why.

If you know what I'm talkin' bout.
Take a little pause and open your mouth.
And tell Him have your way do It Lord.
Use me that's what I was made for...

If it had not been for the Lord...I don't know
If it had not been for the Lord...I don't know why.
If it had not been for the Lord...I don't know
If it had not been for the Lord...I don't know why.
