(JDS Rap)

I'm a producer, with no subtitles
But he bless me, cause before him I put no idol
To his eyes only I wanna be pleasing
Since I let him in,
He gave my life a brand new meaning
Yeah, you may see me hangin' with a rapper
When we go to church our hands aint clappin' any
faster
Yes we in the world, but we not of it
Know when I lift my hands,
I'm thinkin' nothin' of it
I know that you like me cause you like my swag
Me & Mali on the track, 'bout to kill it so bad
Yes, I do worship music
But I'm still that same church boy
I aint afraid to let you know
If you feel me make some noise

(Chorus)

Since I found Christ
He made everything right
And I can sing about him everyday & night
Let me hear you say
Oh oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh oh
I may not have everything right
But I'm still glad I got him in my life
Let me hear you say
Oh oh oh oh oh oh oh oh
Oh oh oh oh oh oh oh oh

(Mali Music's verse)

Hello world
Wake up you've been sleeping in
And open up your ears
With the secret he's been keeping
It's out, no doubt
And here goes your sound bite
All opposing forces
This what gospel sound like

Association with the church got us lookin', watchin'
Scandals, hypocrisy or corrupted democracy
It's bad, true dat
God's raisin' up bosses
History in the makin', we already in the process
It's about time I got the new wave runner shoes
I can turn it like a Holy Ghost banner(?)
I'm tired of being under, so over here we... (?)
... (?)

(Chorus)

(Kierra's verse)
I use to run with, my old buddies
And bad things we use to do
We thought were funny
A bad girl & all
And all types of flaws
But now I look back & I'm kind of glad
That it's not the same
Cause without the man
I just might not be sane
But you made a way

(Chorus)
