Verse 1

So many times we feel overwhelmed
By our circumstances and we can't see
How it can get any better like when the doctor says
It's not looking good
You might be feeling hopeless right now
But I want you to know that I
Have a friend you should get to know
And if you've met Him before then you already
know

Chorus

God takes the impossible
And makes it possible
God takes the impossible
And makes it possible
When the Lord is on your side
Trust that everything will be all right
God takes the impossible
And makes it possible

Verse 2

Don't spend your time worrying about
What you can't control just let it go
If you've been consumed with doubt
Believe and God will show out
There's nothing too big for Him
Stand on His word, be firm and say I'll never be
defeated
If God promised He'd do it, then surely He will
complete it

Chorus

God takes the impossible
And makes it possible
God takes the impossible
And makes it possible
When the Lord is on your side
Trust that everything will be all right
God takes the impossible
And makes it possible

Bridge

For without faith it's impossible
But with our God nothing is impossible
For without faith it's impossible
But with our God nothing is impossible

Chorus

God takes the impossible
And makes it possible
God takes the impossible
And makes it possible
When the Lord is on your side
Trust that everything will be all right
God takes the impossible
And makes it possible
