**(feat. Buddha Monk)**

*[Intro: Ol' Dirty Bastard {Buddha Monk}]*

I was drivin' an Accord cart, nominated at awards  
Back in the days drivin' an Accord  
Run-uhhn-uuhhn-uuhhn, nominated at awards  
Back in the days drivin' an Accord  
Everybody rise (Wu-Tang)  
(This slang) You know (this rhyme) you came to  
America  
(that's our thang)  
(I hang) And took over the black woman (and her reply)  
(Is slang) The black woman wanted the Judge  
They runnin' from the cops  
They run, runnin', run, runnin', runnin', runnin'  
Here Comes the Judge [x8]  
{Give it to me now}

*[Ol' Dirty Bastard (girl)]*

Here comes my Mac  
I don't need this shit owned by stack  
I don't need you to monitor my perimeter (I wanna car  
for mine)  
Got me Accord, take me to judge  
*[sniff]* Sittin' broke  
Nominated at awards  
Back in the days drivin' Accords  
I didn't have nothing to give  
I didn't have no life to live  
Bastard C'Mon  
Aaahhhhhhhhaahhhhhhh

*[Break: Buddha Monk (Ol' Dirty Bastard)]*

Hey hey excuse me Russell Jones  
Will you please calm down and tell the story?  
Just the story (heh heh)  
We want nothing else, just the story  
(No disrespect Judge)  
(Police-police-police)  
(Police-police-police)  
(Dirty ass, Dirty ass, Dirty ass)  
"I come camouflaged" --> *[Zoo Keeper]*

(Dirty scorpion)

"Uh uh Judge you oughta peep me, sir don't you remember me"

"No who are you boy?"

"Well I'm the baller that introduced you to your wife"

"To my wife? Get a life you son of a bitch"

*[Buddha Monk]*

Yo, start the attack with dirt up cats thats wack  
Wants to be a gun blazer but jacks the flavor tracks  
I numb out frames, don't blame it on the cocaine  
What is sure to be the blame is the bullets of which you  
obtained

Zoo or Zi Tribe and will live to be trifle

News stands everywhere shows Zoo homicidal

Extra extra read all about it

Dirt Dog's Dirty cousin kills off Franklin and Madison

This Dirty hiphop, tryna stop the raw lights

Zu shoot down on the block, I need beamie of Scotch

Block is mad hot, bad boys want their fuckin hollar

*[Outro: Judge]*

Mr. Russell Jones and Mr Ellery Chambers

Would you please stand

The court finds you guilty as charged

I am the honorable Judge Pigmy

No longer will you make a mockery of the justice  
system

The honourable Judge Pigmy

As spoken
