In no time
you'll be fine
Don't worry...

Don't worry...
Don't worry...

You met a guy you said he was your lover
he said he loved you like no other
told you that you were the only one
how could he say that when he's having so much fun

now he says you're making him sad
how he says that when he treats you so bad
now he's gone left you for another
you're not the first you now discover

Don't you cry - you'll get by - you'll be back
on your feet - in no time - you'll be fine - don't worry
you got hurt - you got hurt - you're not the first
your heart aches - it won't last - it will pass - don't worry

Don't waste your time thinking of the past
love like that it could never last girl
don't you know things happen for a reason
it's meant to be just like the change of seasons

you're not to blame don't you feel so bad
he was the one who was making you sad
now he's gone left you for another
it's for the best you will discover

Don't you cry - you'll get by - you'll be back
on your feet - in no time - you'll be fine - don't worry
you got hurt - you got hurt - you're not the first
your heart aches - it won't last - it will pass - don't worry

Don't worry...
Don't worry...

Standing on my own
love will never be the same without him

trying hard to be strong
how can I go on now he's gone

Don't worryâ€¦
Don't worryâ€¦
(Instrumental break)

Don't you cry - you'll get by - you'll be back
on your feet - in no time - you'll be fine - don't worry
you got hurt - you got hurt - you're not the first
your heart aches - it won't last - it will pass - don't worry

Don't you cry - you'll get by - you'll be back
on your feet - in no time - you'll be fine - don't worry
you got hurt - you got hurt - you're not the first
your heart aches - it won't last - it will pass - don't
worryâ€¦..
